1	This course is phenomenal! Class is always engaging and interesting. A very helpful class that helped me discover a different type of photography that is very different from those in previous classes. My favorite class so far in all of CCC!

2	This class inspired me on my career pathway because I grew so passionate about each of our unique documentary portfolios. I loved the way I was able to express myself and tell a story I am passionate about through digital media, and the class structured critiques as a useful time to recognize our growth and help guide our projects as we develop our story. I also was very grateful for my professor as he helped each student equally and shared opportunities to put our work and name our there in the real world.
3	Dylan pushed us to divulge in our work and pushed us to do the best of our jobs.
4	Dylan is one of the bests. So intelligent and well-spoken. Very organized and a great instructor with great critical feedback.
